

Alison Ostlund
CSCI 4229
Assignment 0

1. My full name is Alison Ostlund, but I typically go by Ali.
2. Currently pursuing a BS degree in Computer Science Engineering and a minor in Business.
3. I have the VMware Fusion which I will possibly use that to run the programs. I also may use OS depending on the OpenGL installment.
4. No background in computer graphics other than some HTML and CSS done in CSCI 3002-human centered computing.
5. This class just seemed interesting and I like design and more visual work. This class seems to be useful for future work and further my degree in computer science and help me narrow down what I would like to do in Computer Science.
6. I'm from Seattle, WA so an idea I have is possibly making a 3D replica of Seattle.
